

**U.T. Administration of Daman & Diu  
Revenue Department  
Office of the Collector, Daman.**

**FORM-II  
[See Rule 4 and Section 11(1)]**

**PRELIMINARY NOTIFICATION**

**No.3/37/2018/LQN-ACQ/2018/19/8554**

**Date :- 08 /10/2018.**

Whereas, it appears to the appropriate Government that a total of **5991.25 Sq. Mtrs.** of land is required in the **Nani Daman, Daman District** for public purpose, namely, **widening of Road starting from Nani Daman Bus Stand to Hotel Presidency Junction at Nani Daman.**

2. It is notified that for the above said project in Nani Daman of Daman District, a piece of land measuring, **5991.25 Sq. Mtrs.** of standard measurement is required. Details of the land acquisition is enclosed as **Annexure – I.**

3. This Notification is made under the provisions of Section-11(1) of the Right to Fair Compensation and transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 (30 of 2013), to all whom it may concern.

4. A plan of the land may be inspected in the Office of **the Collector Daman, Moti Daman** and **Executive Engineer, Electricity Department, Nani Daman (Requiring Body)** during the working day and working hours.

5. The Government is pleased to authorize **Mamlatdar, Daman** and his **Talathi** to enter upon and survey land, take levels of any land, dig or bore into the sub-soil and do all other acts required for the proper execution of their work as provided and specified in Section-12 of the said Act.

6. Under Section-11(4) of the Act, no person shall make any transaction or cause any transaction of land i.e. sale / purchase, etc. or create any encumbrances on such land from the date of publication without prior approval of the Collector.

7. Objections to the acquisition, if any, may be filed by the person interested within 60 (Sixty Days) from the date of publication of this notification as provided under Section-15 of the Act before Collector.

Place : Daman  
Date : 08 /10/2018

  
**(Sandeep Kumar Singh)**  
**Land Acquisition Collector, Daman.**

**To**

**Appraisal Report of the Expert Committee on Review of the SIA And SIMP Report for widening of Road starting from Nani Daman Bus Stand to Hotel Presidency Junction at Nani Daman**

Dated: 25/09/2018

The U. T. Administration of Daman & Diu has constituted an expert committee with an independent multidisciplinary Expert Group of members for appraisal of social Impact Assessment report and Social Impact Management Plan for Project of widening of Road starting from Nani Daman Bus Stand to Hotel Presidency Junction at Nani Daman. The expert group consists of the following officials /Non officials.

Sr. No.	Name	Designation
1.	Shri Harminder Singh	Dy. Secretary, Social Welfare, Daman
2.	Shri Harshit Jain	Director (Education), Daman
3.	Shri S.D. Bharadwaj	Dy. Director, Planning & Statistics, Daman
4.	Shri Avinash Chaudhary	Lecturer, Civil Eng., Govt. Polytechnic, Daman
5.	Smt. LaxmiNaranbhaiMachhi	Vice- President, DMC, Daman
6.	Shri Anilbhai D. Tandel	Councilor, Ward No.6, DMC, Daman
7.	Smt. Damania Persis Aspi	Councilor, Ward No.7, DMC, Daman
8.	Shri Jaientilal Mital	Councilor, Ward No.12, DMC, Daman
9.	Shri Patel Shilubhai Dhedabhai	Councilor, Ward No.13, DMC, Daman
10.	Smt. Tamanna Shaukat Mithani	Councilor, Ward No.14, DMC, Daman
11.	Shri Shaukat Anwar Mithani	Councilor, Ward No.15, DMC, Daman
12.	Shri Sanjeev Pandya	Programme Manager, ICPS, Daman & Diu
13.	Ms. Monica Barad	Social Welfare Officer, Daman

The expert Group constituted under sub -section (1) of section 7 of the Act has evaluated the Social Impact Assessment report and made its recommendation. The following are point of the appraisal committee on the SIA/SIMP report of Project of widening of Road starting from Nani Daman Bus Stand to Hotel Presidency Junction at Nani Daman.

**Evaluation of SIA & SIMP Report for Project of widening of Road starting from Nani Daman Bus Stand to Hotel Presidency Junction at Nani Daman**

It was observed the SIA and SIMP report for Project of widening of Road starting from Nani Daman Bus Stand to Hotel Presidency Junction at Nani Daman is prepared by the Social Impact Assessment Team that the acquisition of land and property has been necessitated to provide more basic amenities to the local people.

The project of widening of Road starting from Nani Daman Bus Stand to Hotel Presidency Junction at Nani Daman is required for smooth function of all types of vehicle,

beautification of existing road, to provide and strengthen basic amenities like Water pipeline, Gas line, Electric line, Gutter and storm drainage system. Development of the region as the major Tourist Spot in West Coast of India specially to attract tourists from India as well as Foreigners as Daman having beautiful Rivers, Beaches, Forts and Churches made with the Portuguese art and culture. It will boost Tourism Sector and due to this more livelihood options may be created and this will become more beneficial in to manage traffic control and boost economy and income sources of the U.T.

The land from Nani Daman (Ward No.6,7,12,13,14 and 15 of DMC, Daman) for the project is proposed to be acquired as per the RFCTLARR, Act 2013, the project involves acquisition of land to the extent of **6705.75** Sq. Mts.

The reports says that "the estimated 136 Private land and 3 Govt. Lands being affected."

This report provides the information of the affected Community assets. This helps in working out the entitlements, compensation packages etc.

### **Recommendations and Observations of the Committee:**

The committee members have elaborately discussed on the SIA report submitted by the Social Impact Assessment Committee and recommends the following:

1. The project is proposed for public purpose
2. Committee requests the District Administration to consider the recommendations of SIA Committee given as Social Impact Management Plan (SIMP) in SIA Report, if possible and to provide optimum compensation.

The SIA report is quite comprehensive and would act as a reference point for project action. The above details will also be helpful to the Affected Persons to cross check their details when the SIA & SIMP report are made available to them in local language.

The U. T. Administration may take a decision on above recommendation.

# 1. Executive Summary

There is potential in the Union territory of Daman and Diu to become a major Tourist spot in the West part of India. Daman District is undergoing this phase of transformation where it requires to be utilizing Tourism Sector as main source of income for the Government and livelihood for local people.

## 1.1 Population Data and purpose of the SIA

As per 2011 Census Total Population of Daman District is as under:

**Table-1**

Rural	158860	75.18%
Urban	32313	24.82%
<b>Total</b>	<b>191173</b>	<b>100%</b>
Males	124659	61.78%
Females	66514	38.22%
<b>Total</b>	<b>191173</b>	<b>100%</b>

Daman is situated on the west coast of India. Daman is itself an Industrial District as well as attraction point for Tourists with beautiful Rivers, Beaches, Forts and Churches made by Portuguese Government. It is surrounded by nearest State Gujarat and too close to U. T. of Dadra, Nagar & Haveli and Maharashtra and there is a scope for boost Tourism by the way of provide more basic facilities like Tourist Resorts, Development of Beaches etc. which may become another major source of income for U. T. of Daman and Diu and it may be beneficial for Economy of the U.T.

Thus, it is proposed to widening of Road starting from Nani Daman Bus Stand to Hotel Presidency Junction at Nani Daman, Daman for smooth function of all types of vehicle, beautification of existing road, to provide and strengthen basic amenities like Water pipeline, Gas line, Electric line, Gutter and storm drainage system. For this purpose, land needs to be acquired and land acquisition is being carried out as per provisions of RFCTLARR Act, 2013. As per the RFCTLARR Act, 2013 a social impact

assessment is required to carry out before initiating land acquisition notification under section 11 of this act. One of the objectives of Social Impact assessment is to examine the proposed project is a public purpose project.

Lands to be acquired for the said project in Nani Daman as per SIA Survey is 6705.75 Sq. Mts. The proposed acquisition of land is mainly used for Non-Agriculture purpose.

The proposed acquisition is required for smooth function of all types of vehicle, beautification of existing road, to provide and strengthen basic amenities like Water pipeline, Gas line, Electric line, Gutter and storm drainage system. Development of the region as the major Tourist Spot in West Coast of India specially to attract tourists from India as well as Foreigners as Daman having beautiful Rivers, Beaches, Forts and Churches made with the Portuguese art and culture. It will boost Tourism Sector and due to this more livelihood options may be available and this will become more beneficial in to manage traffic control and boost economy and income sources of the U.T.

### 1.3 Extent of Land Acquisition

West:	Road Leading to Police Station Char Rasta, Nani Daman

## 2.CHAPTER-1

### **2.1 Introduction:-**

Daman being an important Tourism hub cannot be left behind in this ushering era of tourist facilities. A sharp rise in tourists is visible in Daman. Being a center of economic activity it also sees officials of various companies coming here on daily basis. Daman is also a historical city having its own specific culture and significance. Various tourists constantly visit Daman to soak in the cultural fragrance of incredible Daman. Also an unbreakable link between Daman and Portugal still exists which makes it essential to improve the tourist facilities from this perspective. Daman is very near to another Union Territory called Dadra, Nagar & Haveli which again is a booming Tourist hub and requires to provide more facilities in every possible way to attract more tourists towards Daman.

Proposed widening of Road starting from Nani Daman Bus Stand to Hotel Presidency Junction at Nani Daman, Daman desires to take care of all the aforesaid issues as start a new era of development of region and wellbeing of people of the region.

### **2.2 Background of SIA**

Social Impact Assessment (SIA) includes the processes of analyzing, monitoring and managing the intended and unintended social consequences, both positive and negative, of planned interventions and any social change processes invoked by those interventions. The most important outcome of SIA is to develop mitigation plans to overcome the potential negative impacts on individuals and communities and the society at large. SIA has now become an integral part of project preparation process. The Right to Fair Compensation and Transparency in Land Acquisition and Resettlement and Rehabilitation Act 2013, (RFCTLARR Act, 2013) that replaced the "Land Acquisition Act (LAA), 1894", requires a mandatory SIA as a prelude to all projects requiring land acquisition. It also specifies an elaborate process for the conduct of the SIA study and its evaluation through the Expert Group". The Expert Group will

assess the impact of the project on various things such as land, transport, housing, lives of people, their occupations, their ownership, their economic conditions, physical infrastructures (drainage, roads, water availability, sanitation etc.) and many other things.

### 2.3 MAP SHOWING LAND ACQUISITION PROPOSAL

The acquisition of land is the core issue of this process which may put multi-facet impact on the society.

### 2.4 Objectives

Social Impact Assessment is carried out in accordance with the provision of section 4 of the RFCTLARR Act, 2013. The SIA assessed socio-economic impacts of the proposed acquisition based on information collected from primary and secondary sources. The SIA study focused on the following objectives:

- 1> To assess whether the proposed acquisition serves public purpose.
- 2> To estimate the number of affected families and number of families among them likely to be displaced.
- 3> To understand the extent of land acquired is bare minimum needed for the project.

- 4> To study the social impacts, nature and cost of addressing them and to overview the impact of these costs on the overall cost of the project vis-à-vis the benefit of the project.
- 5> To understand the extent of land (public and private), houses, settlement and other common properties likely to be affected by the proposed acquisition.

## 2.5 Indicative Methodology of Conducting SIA

The indicative methodology to study above mentioned aspects of SIA is briefly presented in Table:

**Table-4**

Sr No	Aspects of SIA	Description of Methodology	Source
1	Assess whether the proposed acquisition serves public purpose.	Details given in 2.6	RFCTLARR Act 2013
2	Estimate number of affected families and number of families among them likely to be displaced	Conducted census survey in the proposed area also took help of various record keeping agencies	Forms distributed , consultation with stakeholders , ration cards and other data available with government
3	Understand the extent of land (public and private), houses, settlement and other common properties likely to be affected by the proposed acquisition.	Ownership details of the land and type of land to be acquired, enumeration of affected properties, trees etc is given in Chapter 3	Field study
4	Understand the extent of land acquired is bare minimum needed for the project	With the consultations of stakeholders, it came out that the land being acquired is of bare minimum need	Secondary sources and field verification
5	Study of the social impacts, nature and cost of addressing them and impact of these cost on the overall cost of the project vis-à-vis the benefit of the project	Described further	Field study and secondary sources

The social assessment of the project has been carried out as per requirement of RFCTLARR Act, 2013. The details of methodologies include:

- (i) **Socio-Economic Field Survey:** In order to study the impacts of land acquisition, a socio-economic survey was carried out. The data was collected through structured schedule from respondents through personal interviews.
- (ii) **Stakeholder's Consultation and Public hearing:** Consultation with stakeholders was carried out regarding likely impacts of land acquisition on the livelihood of the people and society.

## 2.6 Justification of Public Purpose

One of the Objectives of the Social Impact Assessment is to examine the nature of the proposed project, whether it is a public purpose project or not. The proposed land acquisition is for widening of Road starting from Nani Daman Bus Stand to Hotel Presidency Junction at Nani Daman, Daman is as under:

- (i) More Tourist influx and in turns growth of Tourism Sector.
- (ii) Traffic Management may be improved
- (iii) Improvement in standard of living
- (iv) Storm Water drainage system may be improved
- (v) Since it is main road towards Moti Daman Fort, Light House Beach and Jampore Beach, Devka Beach, Daman city it will be Traffic Congestion free Road
- (vi) Due to wide road it will be Accident Free
- (vii) More tourist influx turns into employment generation
- (viii) Revenue Generation
- (ix) No further digging of roads because of utility trench
- (x) Free of encroachments Road

Keeping in the view the above issues, it is in the public interest to acquire the land for the widening of Road starting from Nani Daman Bus Stand to Hotel Presidency Junction at Nani Daman, Daman

## **CHAPTER-2**

### **3.0 ESTIMATION AND ENUMERATION OF AFFECTED FAMILIES**

The present study was undertaken to assess social impact of land acquisition, in Nani Daman. The SIA survey was conducted in Nani Daman as per the guidelines of Government of India.

#### **3.1 Study Area**

The Road widening is starting from Nani Daman Bus Stand and passing through City area of Nani Daman and its ending at Hotel Presidency Junction, Nani Daman. The said Road is main connectivity point for Nani Daman City, Nani Daman Fort, Devka Beach whole Moti Daman area.

Residencial, Community, Commercial properties and Government School are situated at both the side of the Road. Total 139 properties being affected for the said purpose.

The affected area is Ward No. 6,7,12,13,14 and 15 of Daman Municipal Council, Daman. Total population of the affected area is 22,100as per Census-2011.

SC Population of above Wards is 748 and ST Population is 1469. Literacy Rate of Urban area is 82.57 %.

## GOOGLE MAP- NANI DAMAN

### 3.2 Socio Economic Characteristics

#### 1. Agriculture:

In earlier 1990's Agriculture was the main activity for livelihood of people. After Industrial Policy declared by GOI in 1991, many industrial sectors were established in Daman. Due to beauty of Daman, business related to Tourism established very well. As the result Agriculture activity decreased day by day. Most of the Agriculturist are marginal Agriculturist and people are also involved many other earning activities.

## 2. Local Employment:

Daman is famous tourist place surrounded by South Gujarat and close to Maharashtra and Dadra Nagar & Haveli. There are many ancient monuments and beautiful Sea beaches in Daman which are attracts people very much. Due to this Hotel and Tourism Industry is well established in Daman and it is a major source of income for general people. Liquor Industries also exist in the daman which is also providing employment to general people. Industries are more effective and well established employment generation sector in Daman. Local as well as Migrant people are also getting job opportunity.

## 3. Kerosene Free U.T.:

The U. T. of Daman & Diu is declared as KEROSENE FREE from 01/07/2017. vide Order No. 1/389/COL/CSD/DMN/FREESKO/2017-18/4817 dated-02/06/2017. Under Ujjwala Yojana total only 128 beneficiaries were found eligible for free Gas Cylinder connection in the U.T. till August,2017. It shows that economic level of people of Daman.

## 4. Migrant Population:

Being Industrial hub, near about 50,000-60,000 migrant population is serving in Daman. Daman is providing livelihood to all the migrants and due to this economy of Daman is also up lifting day by day.

## CHAPTER-3

### 4.0 LAND ASSESSMENT

#### 4.1 Background

As per provision of the Right to Fair Compensation and Transparency in Land Acquisition and Rehabilitation and Resettlement Act 2013, land acquisition for the widening of Road starting from Nani Daman Bus Stand to Hotel Presidency Junction at Nani Daman, Daman is being carried out. Following sections discuss the extent of land acquisition, steps involved in land acquisition process, status of affected land, determination of compensation and land acquisition schedule.

#### 4.2 Extent of Land Acquisition

Total area for the proposed widening of Road starting from Nani Daman Bus Stand to Hotel Presidency Junction at Nani Daman, Daman is presented in Table No.2.

**Table-8: Land to be acquired (Sq. Mts.)**

Village/ City	Area as per SIA Survey
Nani Daman	9816.50
Dunetha	3110.75
<b>Total</b>	<b>6705.75</b>

As mentioned above, the proposed land to be acquired comes to **6705.75** Sq. Mts. in Nani Daman Urban Area, Nani Daman as per SIA Survey. The proposed acquisition of land is being mainly used an open land.

**Table-6 : Land to be acquired from Private property**

**(Sq. Mts.)**

Source	Affected Area
Private property (Non-Agriculture)	5154.25
<b>Total Property</b>	<b>5154.25</b>

Table-9 reveals that total 5154.25 Sq. Mts.land to be acquired from Private land owner.

#### 4.3 Status of Affected Land

It is clearly shows that land to be acquired falls under Urban area. On enquiry of continuous usage of the land, land owner confirmed that the proposed land is under use and also open land.

#### 4.4 Detail of land owner:

## CHAPTER-4

### 5.0 APPROACH OF SIA

#### 5.1 Consultation and Public Hearing

Consultative procedure has been a critical but important front in the entire social Impact Assessment process. This consultation framework will be continued during preparation of Social Impact Management Plan (SIMPs), which in turn, will develop strategies for community dialogues and their involvement in the project during implementation of the project. While social impact assessment ensured involvement of local communities through participatory planning, structured consultations and public hearing conducted at village to endorse important planning approaches and policies. Following section highlights the type of consultations, continued consultation in further project preparation.

#### 5.2 Type of Consultation

- **Consultation during sample Survey Stage:** SIA at this stage included consultations at individual level, groups of local people and focused group discussions to understand acceptability's of the project issues related to land acquisition. The overall objective of these consultations was to ensure that people participate willingly; they are allowed to express their concerns and opinions; and agreements are reached on their suggestion/preferences.
- **Public Hearing:** Public hearing was conducted as per provision of section 4(5) of RFCTLARR Act 2013. Besides general consultations as described above, consultations with specific objectives was conducted in this public hearing.

### 5.3 Finding of Consultation

Important issues of consultation are related to compensation for lost land and properties. Important issues raised during these consultations are presented below:

#### Important Issues of Consultation:

1. It was argued that the measurement was not taken properly and therefore the actual area and alignment of acquired property may differ.
2. Further it was discussed that parking problem may arise for owners and if road is built till edge of the property.
3. Some of the houseowners were of the view that land being acquired was not same in all portions of the road and that it may be relooked into.
4. A Mosque of Daudi Vahora Samanj is also getting demolished partly as part of acquisition. It was suggested to focus on this issue so that religious sentiments do not suffer.
5. A suggestion came up during discussion where it was requested to save three/four floor buildings wherever feasible by shortening the width of future road.
6. Land holders also requested to relax building bye laws/DCR norms to rebuilt their properties in case of demolition. It was also suggested to approve their construction plans (based on relaxed norms) before the process of acquisition.
7. It was also suggested to give special permission from the perspective of CRZ issue.
8. Some of the commercial property holders requested to be allotted land/shop at other places to earn their livelihood.
9. Some landholders also requested to not demolish their existing structure and in exchange they were willing to donate rest of the land to Government for free.

#### Analysis :

1. From the perspective of government, it can be stated that proposal of widening of road has to be seen in context of existing situation as well as from future perspective.

2. First of all the existing road is Major District Road which must have sufficient width (12.5 mtr from middle of the Road) according to norms. Proposal of land acquisition is already liberal from the perspective of standard norms of Major District Road.
3. Further traffic is bound to increase once the coastal sea face road comes into existence as tourist influx will increase.
4. The proposed widening of road is main Road towards City area of Nani Daman and Moti Daman. Residential and commercial buildings are on this road which results in heavy traffic on this road.
5. It is also seen that during monsoon storm water drains get choked up which result in water overflowing over narrow roads.

## CHAPTER-5

### 6.0 SOCIO-ECONOMIC AND CULTURAL IMPACT OF LAND ACQUISITION AND SIMP

As per the guidelines of Government of India, the present study was undertaken to assess social impact of land acquisition. The present survey pertains to Moti Daman of Daman District. There are 136 Privateland and 3 Govt. Lands in the affected area under survey.

#### 6.1 Socio-economic Impact of Land Acquisition

1. Level of Income:

The land acquisition may impact positively on the level of income of general public. Daman is a Tourist place and due to Tourist facility the number of Tourists may be increased. Most of the people are engaged with the livelihood related to tourism and due to this more people may get job opportunity. So, the income level may be increased in future.

2. Standard of living:

Standard of living of the people may be improved due to more opportunity of jobs and self-employed works in Tourism Sector. The income level may be increased and in the result people may get standard of living.

3. Level of Economy:

More suitability of development of Tourism sector in Daman may affect the Economy of Daman. Due to this people may get more opportunities of jobs, employment related to the said sector. This factor may boost positively to the earning of the people of Daman and it will increase the level of Economy of Daman.

## 6.2 Impact on Livelihood and Environment

To study the impact of land acquisition on livelihood and environment of the affected areas, it is significant to analyze the current status of resource availability and its impact on the quality of livelihood environment.

### a) Main factors influencing livelihood of the respondents

#### POSITIVE IMPACTS

1. The widening of Road may boost Tourism Development.
2. Due to more Tourist influx, the tourism sector may grow positively and due to this more livelihood options will be available for the people to improve their livelihood and level of income.
3. Improvement in standard of living
4. Revenue Generation
5. Storm water and sewerage facility may impact positively on environment.

#### NEGATIVE IMPACTS

1. Daman is small area, so people face difficulties to get land elsewhere in Daman.

## 6.3 Social Impact Management Plan (SIMP)

The Social Impact Management Plan (SIMP) is necessary to address the negative impacts of land acquisition. Social Impact Management Plan (SIMP) consists of a set of institutional measures to be taken during the design, construction and operational phase of the project to eliminate adverse social impacts, to offset them, to acceptable levels. The main aim of the SIMP is to ensure that the various adverse impacts are mitigated and the positive impacts are enhanced.

(1259)

**Analysis of Social Impact of Acquisition of land at Moti Daman for  
proposed widening of Road starting from Nani Daman Bus Stand to Hotel  
Presidency Junction at Nani Daman**

**Group I :**

It consists of all the cases where land acquisition does not affect structure of any kind. Merely a small portion of land is being acquired in this case for widening of road.

1. Land holders are losing their land in this case but there are sufficient provisions of compensation in RFLTLARR Act, 2013. In such cases all the landholders should be adequately compensated for the land they are owning to mitigate the impact of land acquisition.
2. Usurping of parking spaces may crop up for landholders as there might be cases where vehicles are parked in front of houses and now if the land is acquired, there may be a dearth of parking area for some households. This point should be considered while acquiring the land and sufficient public space for parking should be created to overcome this issue.
3. It was also suggested by landowners that the compensation should be received by the land owners before the acquisition of land. Government may consider this point after taking existing law/rules/processes into consideration.
4. Measurement may be again taken in presence of landowners so as to make the process more transparent. Also design and alignment of future widening may be relooked to remove any inconsistencies if existing.

**Group II:**

It consists of cases where land acquisition is affecting partial structures built on the land of landowners. These partial structures are compound walls as well as small portion of residential/commercial properties. In this case no residential/commercial property is being demolished fully.

1. Landholders are losing land as well as some of partial portion of their structures. Therefore, they must be adequately compensated for land as well as all the structures getting demolished in process according to RFCTLARR Act, 2013 Act.
2. Measurement may be again taken in presence of landowners so as to make the process more transparent. Also design and alignment of future widening may be relooked to remove any inconsistencies if existing.
3. Also, as per discussion with landholders all the assets of property holders should be assessed in presence of them, thus ensuring transparency in the process.
4. Government may also reconstruct the damaged portion so as to remove hassles for property holders to construct their structures again further up in their property. This particular point may be considered on case by case basis.
5. It was also suggested by landowners that the compensation should be received by the land owners before the acquisition of land. Government may consider this point after taking existing law/rules/processes into consideration.
6. Some landholders have requested to not demolish their existing structure and in exchange they were willing to donate rest of the land to Government for free. Government may consider this option wherever it's feasible.

### **Group III:**

It consists of cases where land acquisition is resulting in overall demolition of residential property/structure. In this case the impact of land acquisition is much more severe than Group I and Group II. Loss of residential property not only creates financial burden but also results in emotional setback which may be difficult to overcome.

Yet following points may be considered to mitigate impact on landholders.

1. They must be adequately compensated for land as well as all the structures getting demolished in process according to RFCTLARR Act, 2013.
2. Also, as per discussion with landholders all the assets of property holders should be assessed in presence of them, thus ensuring transparency in the process.
3. It must be noted carefully that many structures on the said land are old and rustic. Therefore, demolition of acquired property may result in the whole

structure being collapsed. In all such cases the compensation of acquired property shall also include the compensation for collapsed structure.

4. Government may also reconstruct the damaged portion so as to remove hassles for property holders to construct their structures again further up in their property. This particular point may be considered on case by case basis.
5. It was also suggested by landowners that the compensation should be received by the land owners before the acquisition of land. Government may consider this point after taking existing law/rules/processes into consideration.
6. Some landholders have requested to not demolish their existing structure and in exchange they were willing to donate rest of the land to Government for free. Government may consider this option wherever it's feasible.
7. Further this group may further be divided into two categories.
  - a. Landholders who still possess sufficient land to rebuilt their residential property/house.
    - i. Apart from adequate compensation, Government should prepare a rehabilitation plan where it may approve relaxation of building bye laws/DCR norms/CRZ/Coast Guard Regulations on case to case basis. As a matter of justice if someone is losing legal property to help government in it's overall developmental plan, Government must relax it's norms so as to help him/her rehabilitate.
  - b. Landholders who do not possess sufficient land to rebuilt their residential property/house.
    - i. Government may prescribe higher compensation than what is mentioned in the Act because of paucity of land in Daman on case to case basis.
    - ii. Government should prepare a rehabilitation plan where all these property owners may be included as beneficiary in Affordable Housing Schemes of UT Administration of Daman and Diu or Government of India.

#### Group IV:

It consists of cases where land acquisition is resulting in overall demolition of commercial property/structure. In this case the impact of land acquisition is much more severe than Group I, II and III. Loss of commercial property may lead to loss of livelihood which may impact the overall economic condition of family adversely. Therefore, sufficient measures must be taken to mitigate impact on such property holders.

1. They must be adequately compensated for land as well as all the structures getting demolished in process according to RFCTLARR Act, 2013.
2. Also, as per discussion with landholders all the assets of property holders should be assessed in presence of them, thus ensuring transparency in the process.
3. It must be noted carefully that many structures on the said land are old and rustic. Therefore, demolition of acquired property may result in the whole structure being collapsed. In all such cases the amount of compensation will be determined on the basis of collapsed structure and not only on acquired property.
4. Government may also reconstruct the damaged portion so as to remove hassles for property holders to construct their structures again further up in their property. This particular point may be considered on case by case basis.
5. It was also suggested by landowners that the compensation should be received by the land owners before the acquisition of land. Government may consider this point after taking existing law/rules/processes into consideration.
6. Some landholders have requested to not demolish their existing structure and in exchange they were willing to donate rest of the land to Government for free. Government may consider this option wherever it's feasible.
7. This group may further be divided into two categories.
  - a. Landholders who still possess sufficient land to rebuilt their commercial property/house.
    - i. Apart from adequate compensation, Government should prepare a rehabilitation plan where it may approve relaxation of building bye laws/DCR norms/CRZ/Coast Guard Regulations on case to case basis. As a matter of justice if someone is losing legal property to

help government in its overall developmental plan, Government must relax its norms so as to help him/her rehabilitate. Relaxation of norms here will ensure in-situ rehabilitation of property owners and their livelihood will remain intact as it takes significant amount of time to set up a profitable business at a particular place.

- b. Landholders who do not possess sufficient land to rebuilt their residential property/house.
  - i. Government may prescribe higher compensation than what is mentioned in the Act because of paucity of land in Daman.
  - ii. Government should prepare a rehabilitation plan where all these property owners may be given priority in allocation of municipal shops/complex

#### **Group V:**

It is a particular case where a Mosque of Daudi Vahora Community is getting partly demolished in process of acquisition. It may impact overall religious sentiment of the Community.

To mitigate the impact, Government must provide adequate compensation as per RFCTLARR Act, 2013. Also Government should prepare a rehabilitation plan where it may approve relaxation of building bye laws/DCR norms/CRZ/Coast Guard Regulations for the reconstruction of said Mosque/building.

**7.0 COMPENSATION, COSTS AND BENEFITS**

Compensation is a basic element of SIA of Land acquisition. In this chapter, broader aspects of the compensation costs and benefits analysis will be discussed.

**7.1 Determination of Compensation**

As per provision 26 of RFCTLARR Act, 2013, the Land Acquisition Collector, Daman shall adopt following criteria to assess and determine the market value of land and structures.

- (a) The circle rates fixed by the U. T. Administration of Daman & Diu under Notification No.COL/DMN/LND/REVENUE/2012/308 dated- 16/04/2015.
- (b) The average sale price of similar type of land situated in the nearest village or nearest vicinity.

**7.2 Compensation of Land Acquisition**

During the survey, an enquiry was made regarding the use of compensation amount by the respondent. As per the information the respondent showed interest in repairing of remaining structures or purchasing land for Community/commercial use with the compensation amount.

The suggestion of the respondents about compensatory benefits against land acquisition were collected and the respondent shows interest in collective bargaining for the compensation (price) of land or to get land anywhere else.

## 8.0 CONCLUSION OF SIA

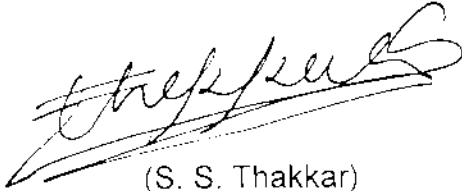

(1253)

Table-16

Positive Impacts	Negative Impacts	Remarks
<ol style="list-style-type: none"> <li>1. More Tourist influx and in turns growth of Tourism Sector.</li> <li>2. Traffic Management may be improved</li> <li>3. Improvement in standard of living</li> <li>4. Storm Water drainage system may be improved</li> <li>5. Since it is main road towards Nani Daman area, Moti Daman Fort, Light House Beach and Jampore Beach, it will be Traffic Congestion free Road</li> <li>6. Due to wide road it will be Accident Free</li> <li>7. More tourist influx turns into employment generation</li> <li>8. Revenue Generation</li> <li>9. No further digging of roads because of utility trench</li> <li>10. Free of encroachments</li> </ol>	<ol style="list-style-type: none"> <li>1. Difficulties in finding land elsewhere as Daman being a small area</li> <li>2. Landholders will suffer financial loss.</li> <li>3. Landholders may suffer from loss of parking space.</li> <li>4. Religious custom of Daudi Vahora community may suffer temporarily.</li> <li>5. Loss of livelihood</li> <li>6. Emotional burden</li> <li>7. Community loss</li> </ol>	<p>After careful examination of various parameters of cost and benefit (positive &amp; negative), it is found that the proposed widening of Road Starting from Nani Daman Bus Stand to Hotel Presidency Junction at Nani Daman would benefit the local community at large. But also it is important to note that all the points mentioned in Para 6.3 (SIMP) must be considered to mitigate the adverse effects on Land/Property holders.</p>

Latly, it is concluded that the process of land acquisition has both positive as well as adverse impacts. The positive impacts of this project outweigh the negative ones. Keeping overall scenario in view, it is found that the proposed widening of Road starting from Nani Bus Stand to Hotel Presidency Junction at Nani Daman would benefit local community and society at large. Also it is important to note that all the points mentioned in Para 6.3 (SIMP) must be considered to mitigate the adverse effects on Land/Property holders.
