INTRODUCTION

The Department of Legal Metrology: The nomenclature of “the Department of Weights and Measures” is changed as “The Department of Legal Metrology”, as notified by the Government on issuing the Notification. As the name suggests, the Department of Legal Metrology, relates to the units of weights and measures, methods of measurements and measuring instruments and the regulatory safeguards to the public.

The Department of Legal Metrology is one of the important organs of Consumers’ Protection. It has an important role to play in providing the Citizen with friendly Administration of Services. It is concerned with technical and statutory requirements to safeguard the Public Interest from the point of view of security and accuracy of weights, measures, etc.

Acts, Rules, Aims, Objectives, Activities and Function of the Department of Legal Metrology :

The Department is a Statutory Organization, functioning under the respective Act and Rules, which are as follows :

1. The Legal Metrology Act, 2009.
2. The Legal Metrology (Packaged Commodities) Rules, 2011.
3. The Legal Metrology (General) Rules, 2011.
4. The Legal Metrology (National Standards) Rules, 2011.
5. The Daman & Diu Legal Metrology (Enforcement) Rules, 2011.

6. The above Acts and Rules, have laid down guidelines for the Department and the general Public (Consumers) at large to follow a standard pattern. The Department is concerned with the implementation of the provisions of the Central Act, and the various Rules framed there under. The Central Act is the Parent Act. It establishes the standards, regulates the Inter-State trade and commerce in weights and measures and other goods which are sold or distributed by way of weights, measures, or number and regulates the commodities sold in packaged form. Internationally recognized Units of Measurement, known as International System of Unit (SI) have been adopted under the Act. The Department monitors the implementation of these Act and Rules and enforces them to safeguard public interest. Implementation of the above Central Act and other Acts and Rules are being done under the Legal Metrology Act, 2009.

at State level. In this context, the Department carries out the following statutory function :

- i) Registration of traders’ Units, under the Standards of Legal Metrology Act. 2009.
- ii) Initial and periodical verification of weights, measures, weighing and measuring instruments.

- iii) Inspections and surprise visits to the traders' premises, inspections under the Legal Metrology Act, 2009, of all the general traders, (of shops, establishments, groceries, consumers' societies, etc.) Factories, Mining Industries, Petroleum retail outlets such as Dispensing Pumps (petrol pumps) petroleum vehicle tanks, petroleum storage tanks, for the check of weights, measures, weighing scales both mechanical as well as Electronic, Measuring Instruments such as Dispensing Pumps, Flow meters, all types of packaged commodities.
- iv) Joint raids and weekly market inspections, and launching of prosecutions against the offenders.
- v) Verification of the weights, measures, Filling Machine (once in a Two year). weighing instruments and the measuring instruments (once in a year).
- vi) Maintenance of the Secondary Standards, Working Standards and their periodical verifications.
- vii) Metrological control on Packaged Commodities, including inspections and surprise visits for the same.
- viii) Launching prosecutions against offenders, compounding the offences and filing cases in the Court of Law.
- ix) Metrological control on Manufacturers/packers of the packages commodities, including the inspections and surprise visits to check the net content at manufacturing premises.
- x) Control on Manufacture/Dealer/Repair/Sale, of weights, measures, weighing and measuring instruments, by issue of licenses.

The pre-packed commodities are not packed in the presence of the consumers. Therefore, according to the Standards of Legal Metrology (Packaged Commodities) Rules, 2011, there is a need that the consumers should be made aware that on every packaged commodity should bear the following, printed on it:

- a. The name and address of the manufacturer/packer.
- b. Generic or common name of the commodity contained in the package.
- c. Net quantity of the content in terms of weight, measures, or number as the case may be.
- d. Month and year of packing or manufacturing.
- e. Maximum Retail Sale Price including all taxes.
- f. Any other additional information.

Organizational Structure:

The Department functions with the help of its subordinate Offices,

The Collector/Controller of Legal Metrology (I.A.S.), is the Head of the Department.

The Mamlatdar, Daman. (Gazetted Group 'B') Head of Office. who has the overall control over the whole U.T. of Daman, Daman District. and The Enquiry Officer City Survey, Diu. is Head of Office. who has the overall control over the Diu District. and overall control over the working of all the Assistant Controllers,/Inspectors, Jr. Inspector, etc., who carries out their duties as per the Statutes and submits their reports, through their respective Assistant Controllers. The Official address of the Asstt. Controller/Inspector, Legal Metrology with telephone number and is as given below:

Office of the Assistant Controller,
of Legal Metrology, (Weights & Measures)
Near Secretariat, Opp. M.P. Office,
Fort Area, Moti Daman.396220.

The Inspector Legal Metrology in his Office is assisted by Office staff with designation as Jr. Inspector, Laboratory Assistant (Group 'C') and Manual Assistant (Group 'D').

This Office has control over following:

1. **Weights, Measures, etc.:** Weights, Measures, etc., means every type of (metric) Weights, Measures, Weighing and Measuring instruments inclusive of weigh bridges, dispensing pumps (petrol pumps), storage tanks, vehicle tanks, Filling Machine etc.
2. **Trader:** A trader is the user if weights and measures, weighing and measuring instrument, who has registered or is interested in registering himself, with the Department.
3. **Offender:** An offender is person who contravenes the Provisions of the above mentioned Acts and Rules.
4. **Manufacturer:** A Manufacturer is a person/owner of a Manufacturing Unit who has to apply to the Department in the prescribed form and is/are issued with a licence to manufacture the weights, measures, weighing and measuring instrument.
5. **Dealer:** A Dealer is a person who deals with weights, measures, weighing and measuring instrument who has to apply to the Department in the prescribed form to the Department and is issued with a licence by the Department⁵ to deal with the weights, measures, weighing and measuring instruments.
6. **Repairer:** A Repairer is a person who repairs the weights, measures, weighing and measuring instrument who has to apply to the Department in the prescribed form and is issued with a licence by the Department to carry out the repair work of weights, measures, weighing and measuring instrument.

FOR CONSUMERS TO KNOW:

1. All weights, measures, weighing and measuring instrument used by the Trader in their trade, commerce and industry are required to be verified periodically and stamped by the Inspector Legal Metrology, under the Law. Look for the stamp of verification on the weights and measures, etc.
2. The trader in their trade, commerce and industry, is required to use the beam scale suspended from hook or stand, to avoid manipulation by hand, to his own advantage.
3. The Consumers should buy their requirements in round metric units like 10 gram, 100 gram, 500 gram, 1 kilogram, etc. This way calculation becomes easier.
4. The Consumers should avoid the use of 'pao kilo' and ask for 200 grams or 200 ml or for similar easily calculable quantity in terms of decimal units.
5. The Consumers should buy milk in terms of liter or milliliter and not in kilograms or grams.
6. The Consumers should learn to read the scale indications and observe the weighing of your purchases.
7. The Consumers should better buy the definite quantities and not by moneys' worth.
8. The Consumers should refuse to buy any commodity in terms of old units i.e. seer, foot, etc., this is illegal and there is every chance that trader may cheat.
9. The Consumers while buying milk should see that they get the right quantity they have paid for. Short delivery of milk due to foam, etc., is in violation of the Law.

The Consumers while buying sweets. Confectionery. etc. should insist on the full (net) weight of the sweets being delivered to them It should be seen that the weight of the box is not to be included in the weight of the sweet

10. Petrol pumps are periodically checked by this Department for accurate delivery of petrol. In case of suspected short delivery, the Consumers should report the matter to the enforcement staff of Legal Metrology

11. When buying ready-made clothes. the Consumers should buy only by Metric measurements i.e. In meters and centimeters and not by sizes. Different manufacturers may use different sizes where one will find Himself/herself in garments. Which do not fit him/her. Shirts are sold by collar sizes, which vary by steps of 1 cm. e.g. 35cms, 36 cms, 36 cms, etc. Banians are sold by chest measurements which vary in steps of 5cms, e.g. 85 cms, 90 cms, etc.
12. When buying land or a plot for house building the Consumers always should buy in terms of hectares or square meters. Acres, yards, feet and inches are no longer recognized under the Law in force.
13. While buying the packaged commodities the Consumers should ensure that the net weight or measure is clearly and legibly indicated on the packages. Mere package size may be deceptive. Marking of net content on sealed packages is obligatory under the Law in force
14. The Consumers should read and compare the labeled quantities in relation to prices. This way the Consumers may strike a better bargain.
15. The Consumers when buying the packaged commodities should check that on the concerned package, the original marked price is not smudged off. or re-written or affixed with a sticker with fresh increased price.
16. While buying cooking gas (LPG) the Consumers should see that the net content of gas and tare weight of cylinder are marked on the gas cylinder and the seal is intact. In case of doubt of less content of gas the Consumers may insist for re-weighment in their presence.
17. The Consumers when buying packaged commodities. for example cement - he /she may ask for its weighment again in his/her presence in case of quantity worth their money.
18. The price of a commodity is judged not only by its quality but also by its quantity. The Consumers should be cautious that they get the full quantity worth their money.

2 kg	100.00
1 kg	100.00
500 g. and below	100.00

8. Non Automatic Weighing Instruments both mechanical and electronics Class I &II:

Capacity	Fee
Exceeding 50 t	3000.00
Not Exceed 50t but exceed 10 t	2000.00

Not Exceed 10t but exceed 1 t	1000.00
Not Exceed 1t but exceed 50 kg	500.00
Not Exceed 50 kg but 10 kg	250.00
Not Exceed 10 kg	200.00

9. Automatic Weighing Instrument :

Capacity	Fee.
Exceeding 100 t	4000.00
Not Exceeding 100 t but exceeding 50 t	3000.00
Not Exceeding 50 t but exceedin10 t	2000.00
Not Exceed 10 t but exceed 1 t	1000.00
Not Exceed 1 t but 50 kg	500.00
Not Exceeding 50kgbut exceeding 10 kg	250.00
Not Exceeding 10 kg	200.00

10. Volumetric Measuring Instruments:

(a) Dispensing Pumps Each pump : 1000.00 per unit

(b) Totalizing Counter : 500.00 per unit

(c) Other Instruments :

Capacity	Fee in `.
Exceeding 100 lit.	500 for the Ist 100 liters plus 250for every additional 100 liters or part thereof
Not Exceeding 100 lit. but exceeding 50 litre	500.00
Not Exceeding 50 liters but exceedin20 litre	250.00
Not Exceed 20 liter	200.00

11. Flow Meters:

Flow rate up to 100 litre/min.	2000.00
Above 100 litre /min up to 500 liter /min	3000.00
Above 500 litre /min	5000.00

12. Linear Measuring Instruments:

Taxi, Autosikshaw meters	100.00
Other Meters part every thereof	50 for the Ist 1000 m or there of Plus ` . 5.00 for additional 100 m. or part

13. Clinical Thermometer 0.50 per unit

14. Water Meter 25.00 per unit

15. Pag Measure:

30 ml	50.00
60 ml	50.00
100 ml	50.00

16. CNG

(a) Dispensers: 1000.00 per unit

(b) Totalizing Counter 500.00 per unit

17. LPG

(a) Dispensers : 1000.00 per unit

(b) Totalizing Counter 500.00

18. Counter Machine-

(i) Up to Capacity 10 kg : 20/-

(ii) Above Capacity 10 kg : 50/-
