No. 4/05/COL/DM/Meeting/2020/ 4296

Date : 01 / 06 / 2020

**Sub : Depression over Eastcentral and adjoining Southeast Arabian Sea : Cyclone  
Alert for north Maharashtra - South Gujarat coasts : Yellow message**

**ORDER**

The Indian Metrological Department, Earth System Science Organisation (Ministry of Earth Sciences), New Delhi vide Bulletin No.:12 (ARB/02/2020) dated 01-06-2020 has informed that it is very likely to intensify into a Deep Depression over Eastcentral and adjoining Southeast Arabian Sea during next 12 hours and intensify further into a Cyclonic Storm over Eastcentral Arabian Sea during the subsequent 24 hours. It is very likely to move nearly northwards intially till 02<sup>nd</sup> June Morning and then recurve north-northeastwards and cross north Maharashtra and south Gujarat coasts between Harihareshwar (Raigad, Maharashtra) and Daman during evening / night of 3<sup>rd</sup> June.

Therefore, in view of the upcoming cyclone and impending start of monsoon, beaches in Daman shall not be accessible to the public till further orders.

**(Dr. Rakesh Minhas),  
Collector / District Magistrate,  
Daman.**

To,
